Storm Large Makes it Home

Jun. 21 - Jul.5, 2026

In the Ellyn Bye Studio

Closing out the 2025-26 season with a brand-new powerhouse performance, Storm Large returns to Portland Center Stage for a limited two-week run in June 2026. In this electrifying new show, Storm unearths stories of her father that crack open her own understanding of love, belonging, and the wild world around her. As she searches for the meaning of home—Is it where you live? Where you're loved? Or something she's never truly known?—she takes audiences on an unforgettable journey of music, storytelling, and pure rock-and-roll energy. With her signature blend of raw emotion, razor-sharp wit, and jaw-dropping vocals, Storm delivers a show that is as thrilling as it is deeply personal.
